SILVER BULLION CERTIFICATES YIELDING.

The Postponement of Action on the Free Coinage Bill Causes Selling.

Wall States, Wednesday, Jan. 21-6 P. M. Still dwindling. Only 92,000 shares regularly listed stocks to-day.

Two-thirds of even that beggarly total is represented by five properties.

In the order of activity they are Chicago Gas, Lead Trust, Atchison, New England and Union

Pacific. Pretty collection of solid dividend paying properties to lead this "market!" The old standbys

aren't in it. Mr. Cammack's fine Roman hand was percepti-

ble in the last hour and prices closed on a fractional decline all round. Silver bullion certificates yielded 1/4 to 104 and

closed at 104%. The prospect of a protraction of the present suspense as to the Silver bill caused selling of certificates and of stocks also. The lowest price for certificates was touched

when the street learned that the Coinage Committee of the House had put the matter over for a week. Delay usually means dulness and dulness a sagging market.

If the volume or speculation should continue to awindle at the present rate the Stock Exchange would have to close its doors in a few days. Whenver it settles down to an equilibrium like this, however somebody is always tempted to give it a new impetus in one direction or other. Otherwise Wall street would have long since ceased to exist except in history.

Sales at the Board amounted to 92,986 shares (silver bullion certificates included), against 122,492 yesterday and 175,675 on Monday. Following is a summary of to-day's market :-

WHEAT AGAIN HIGHER-CORN SLIGHTLY HIGH-ER-PROVISIONS INACTIVE AND STEADY.

[BY TELEGRAPH TO THE HERALD.] CRICAGO, Jan. 21, 1891.—Whost climbed up again to-day and closed higher than yesterday. The feeling was also stronger. Cable advices were more favorable to helders. stronger. Cable advices were more favorable to holders, both public and private telegrams quoting a stronger feeling in Liverpool. Besides, more enouraging news from abroad approbensive for the European crops on account of the tecount severe cold weather also had a strengthening effect on the market. Reports of a drongth in California were a factor in favor of the buils. Advices from San Francisco said rain was a munth behind, and the situation was beginning to look socious. The weather in the winter wheat districts was not what might be termed favorable, for with the present tumperature the anow was melting, and a sudden freese might do some damage. Reports were received showing a decrease of \$45,000 bushels east of the Rocky Mountains and 730,000 bushels decrease on the facilic coast. May opened at \$456c., sold to \$44gc. and then to \$556c. tains and 750,000 bushels decrease on the Facilia coast. May opened at 05%c., sold to 84%c, and then to 05%c., closing at 05%c.

Lorn also made a slight advance, going from 31%c. to 50%c, closing at 52%c. There were some anies at 51%c. The feeting doveloped was stronger, being a continuation of the sentiment manifested yesterday. The injuriation of the sentiment manifested yesterday. The injuriation of the sentiment manifested yesterday. The injuriation was due in a measure to poor grading. The light stocks and the fact that the visible is less than one-quarter of what it was this time last year also bad a tendency to create a botter feeling. The advance in New York also had its effect. St. Loris also raide higher, and cables were questioned to the sent of the grading was looked upon by some as a bullish factor.

There was no particular serivity noticeable in provisions, with a comparatively steady feeling, influenced to a great extent by the course of the gradin market. The unusual influences aerrounding the trade were genurally bushell, but appeared to have very little opening the course of the gradin market. The unusual influences aerrounding the trade were genurally bushell, but appeared to, have very little opening the course of the gradin market. The unusual influence and the advices from instern and foreign markets were rather favorable to buyers. The receipts were annumally heavy. At the opening the feeling was stendier and prices ruled elightly higher, but a little presenter to sell enused a weaker feeling, and prices declined agrain. May pork opened at \$10.05, sold at \$10.73% and closed 50, lower, Rhs went from

FOREIGN MARKETS.

HAVANA, Jan. 21, 1891.—Spanish gold, 24224 a 2424. Exchange weak, Sugar tending upward: 4,544 bags of centrifugal, 94 to 95 degrees polarization, were sold at \$2 1235 a \$3, gold, per quintal.

IN THE BUSINESS WORLD.

Negotiations are said to have been about concluded at Findlay, Ohio, by which the Standard Oil Company will acquire all the property of C. C. Harris. the largest individual producer in the Northwestern Ohio oil fadis. Wells are being gauged and the titles and leases are being signed. The amount of the sale will reach about \$1,705,000. This is property the Standard has long been trying to buy, and adds largely toward giving that corporation the controlling interest in the Ohio field. The Cawker City (Kan.) State Bauk has failed and is in the hands of a receiver. The liabilities and assets cannot be ascortained. This makes the third bank in Mitchell county that has failed this week and the fourth within a week.

Banks failed yesterday at Glasso, Greenleaf, Clifton and Clyde, Kan., making eight in three counties in a week. These failures were all caused by that of the American National, of Kansas City. Oil Company will acquire all the property of C. C.

FORECLOSURE SALES ADJOURNED.

MONEY BATES ARE KASTER AND HOLDERS OF REAL ESTATE NEGOTIATE LOANS.

The sales under decrees of foreclosures, bulletined for yesterday's anction proceedings on the Real Estate Exchange, were not consummated owing to the state of the money market. All of them were adjourned to future dates. The sales advertised included valuable parcels, paying good incomes, especially along Division atreet, also on Monroe, Cherry and South streets. Aside from these, there were advertised by various auctioneers properties along West Thirty-seventh street and on East Seventy-second street. All of these were ad-

East Seventy-second street. All of these were adjourned.

A similar course was pursued by the auctioners on Tuesday, and the question naturally arose yesterday, "Why all these adjournments".

The crowd now daily on the Exchange is ready to purchase, and could not get any satisfaction from the various auctioneers yesterday. "All I can tell you, gentlemen," said one of the auctioneers, "is that I have just received my order from the referee to add ours the sale; that is all I can say."

But the true inwardness of the business is that the prevailing low rate of interest for cash advances on real estate has been a great lever in helping "the defendant in the action" temporarily out of his difficulties.

Brokers Morris B. Baer & Co, have sold at private contract No. 183 West Thirty-fourth street, a four stery dwelling, on lot 25298.9, for \$37,000 to Mrs. R. R. Stratton.
